

Corrections for: _____

Assessment Corrections

Directions: Complete all work in the attached table, using one row per problem. Write the incorrect problem in the first column, your self-assessment related to that problem in the second column, and the corrected problem in the third column.

Column 1: Write each problem for which you did not earn full credit. Include its number and directions.

Column 2: Self-Assess

1. Look at teacher feedback and determine why you did not earn full credit. (For example, was it because you do not understand the concept being assessed, was it a careless error, did you misread the question, were you unsure of a definition?)
2. Can you do the problem now? (Use your notes and text to help.)
3. Do you have questions? (Write a question if you are unsure of how to complete this particular correction.)

Column 3: Re-do the problem showing all of your work.

RUBRIC		
Successful completion of this assignment counts as a 5-point score in the Reflection and Revision (5% category) of your quarter average.		
	CRITERIA:	Points
FORMAT	For every incorrect problem, the original problem is written down in the first column of the template	0 1
	Self-assess: all three parts of the self-assess are completed	0 1
CORRECTNESS	Every problem in which points were deducted is accounted for on the correction template	0 1
	Correct answers were achieved for each question that was re-worked	0 1 2
TOTAL		

A SCORE CANNOT BE GIVEN AT THIS TIME. PLEASE RESUBMIT BY IMPROVING ON THE AREAS CIRCLED BELOW AND THEN A SCORE WILL BE GIVEN.		
Format not followed correctly. For example, problems are not re-written in the first column, self assess missing, etc.	Incomplete - not all problems corrected. Please fully re-work any problem(s) from your assessment that you did not earn full credit for.	Attend an extra help session to receive support on your corrections.
